Subject: 2008 INTERNSHIP OPPORTUNITIES

Please forward this information to individuals who might be interested in an internship in golf administration.

Omaha, NE - The Nebraska Golf Association (NGA) office has several internship opportunities available in 2008. The United States Golf Association (USGA) Foundation awarded a grant to the NGA, which will be used to support three internships through the USGA's P.J. Boatwright, Jr. Internship Program. This program was established in 1991 to create job opportunities for individuals with a career interest in golf administration, and to assist regional and state golf associations in conducting tournaments, junior golf activities, membership services, and other office responsibilities. Prospective interns should demonstrate strong managerial potential and sufficient interest and background in golf.

In addition to the Boatwright internships, the NGA will once again offer an additional summer internship. Interested individuals will assist in conducting tournaments, junior golf activities, membership services, and other office responsibilities.

The NGA is a non-profit organization serving over 170 member clubs and more than 26,000 individual members. The NGA was established in 1966 to foster, promote and advance the interests and the true spirit of amateur golf throughout the state of Nebraska. The NGA staff and volunteer Board of Directors serve their membership in such areas as: handicapping, course rating, rules and championships, as well as providing educational materials, workshops, and information.

These full-time temporary positions will pay a stipend of \$1,500/month (gross). Intern is responsible for making his/her own housing arrangements. USGA Boatwright interns are required to attend a week-long orientation (funded by the United States Golf Association) in Far Hills, New Jersey in May.

Available internships (start dates and work schedule during the school year flexible) :

USGA/NGA 10-month – March, 2008-December, 2008	Application Deadline: 2/15/2008
