

USGA Senior Championships Cart Policy:

Updated 2019 to reflect Rules Modernization

At USGA Senior Amateur Championships, while the player and the player's caddie may use a golf cart, there is a "one-seat" policy in effect during the round.

- This "one-seat" policy allows the player's caddie the opportunity to assist the player during play. For example, the player's caddie may drive the golf cart if the player chooses to walk, move the cart for the player from green to tee, etc., so long as the player and the player's caddie are not riding in a golf cart at the same time.
- If the player's caddie is driving a golf cart, the player is responsible for any breach of the Rules by the caddie (such as moving the player's or an opponent's ball at rest).
- Golf carts may be requested by players only, and caddies are required to wear caddie bibs.
- In stroke play, if two players in a group request a golf cart, only one cart will be distributed to that group. If three players request a golf cart, two carts will be distributed.
- The player should not allow other individuals, such as spectators or volunteers, to drive, ride in or ride on the player's golf cart during a stipulated round.
- No one should stand on the back or side of the golf cart while it is in motion.

The USGA reserves the right to limit or suspend the use of golf carts due to inclement weather, unsafe use of the golf cart or circumstances where use of the golf cart would present a hazard to others, the course officials, the golf course or other unforeseen circumstances. Automotive transportation should be driven on such areas of the golf course indicated by the club.

If the player or the player's caddie shows significant disregard for this policy, the player may be disqualified from the competition for serious misconduct under Rule 1.2a (Conduct Expected of All Players).
